Quality by competence since 1947

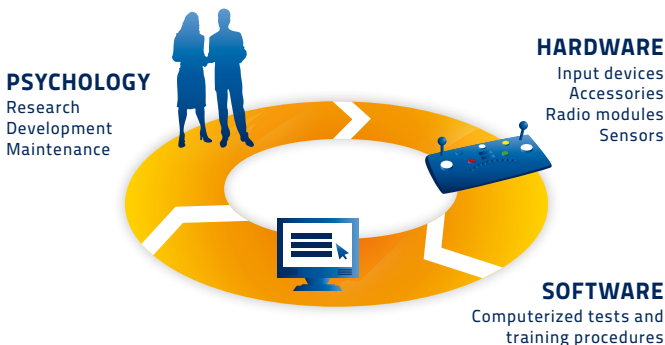

MODERN PSYCHOLOGY SCHUHFRIED

SCHUHFRIED
passion for psychology

SCHUHFRIED – Your strong partner

The SCHUHFRIED company, founded in 1947 as a family business, has more than 60 years' experience behind it. Today SCHUHFRIED leads the world in computer-based psychological assessment. The success of our products is built on the unique interplay between the three strands of psychology, hardware and software. All our products are developed in-house, closely coordinated with each other and continually being improved.

‘Quality by competence’ has been SCHUHFRIED’s motto for many years. The company received ISO 9001 certification in 2003 and has been awarded the Austrian coat of arms. With 36 international dealerships, SCHUHFRIED is at home all over the world. And it knows where its roots are. Everything is still coordinated from our headquarters in Mödling on the outskirts of Vienna (Austria).

SCHUHFRIED products are used in many different fields

- › clinical psychology and neuropsychology
- › personnel selection and development
- › traffic & transport psychology (road, rail, air)
- › sports psychology
- › educational psychology

Neuro & clinical	Personnel	Transport Road	Transport Rail	Transport Aviation	Sport	Education

VIENNA TEST SYSTEM

Psychological assessment

The Vienna Test System (VTS) is known worldwide as a leading computerized psychological assessment tool. The system consists of powerful administrative software, the tests themselves and additional optional input devices.

The Vienna Test System gives you a choice of more than 120 tests

- › intelligence tests
- › ability tests
- › personality tests
- › attitude tests
- › clinical tests

These include not only computerized versions of familiar paper-and-pencil tests but also auditory, multi-media and adaptive tests. They can be combined as required in order to provide the best set of tests for your particular purpose.

Choose the best! SCHUHFRIED leads the world in computer-based psychological assessment. Each year around 12.5 million tests in 67 countries are administered using the Vienna Test System.

On offer:
special ability tests for a wide
range of assessment purposes
